Hikes, hikes, hikes! Walking along Cinque Terre in Italy was definitely a highlight of their trip - seeing 3 beautiful, off the track, coastal cities on one path is amazing.

The students were very surprised to see so many other American tourists while on vacation! That means they chose the best spots... right?!

Students were fortunate to travel to Norway, the UK, Ireland, Spain and Italy during their three week vacation over holiday break. Lucky ducks!

Every aspect of Pictavo was rigorously tested to ensure an exceptional experience. Tools only appear when you need them, leaving more room for you to work.

GREAT DESIGN

No other yearbook software has an art library quite like ours. We've created collections with your entire book design in mind.

LEARN THE LINGO

ACCENT - small design elements that complement a layout

ART COLLECTION - yearbook art designed to coordinate pages throughout your book

DASHBOARD - area of Pictavo that gives an overview of the progress of a project

DIVIDER - pages between sections of a yearbook; typically a spread with strong photography, typography or design elements

ENDSHEET - the paper connecting the cover and actual pages of a hard cover book. Custom endsheets can be used to tie a yearbook theme into the very first thing a reader sees inside the cover

GRID - a series of intersecting lines on a layout that helps line up and structure content. All pre-designed templates and Snippets within Pictavo have been designed using the same grid for maximum interchangeability. Grids are not visible on the printed piece

INDEX - a list of names and content contained within your yearbook along with what pages to find them on

LADDER - Pictavo's built-in organizing tool where you can track users, tasks, assignments and content

LAYOUT - the arrangement of photos, copy and accents on a page

LINE HEIGHT - the tool used to adjust the space between lines of text; also known as **leading**

DEVELOPING A THEME: VISUAL & VERBAL

Think of a theme as your book's personality. A well-planned theme should include complementary visual and verbal cues throughout your book.

GO BIG OR GO HOME VOLLEYBALL

On this page, you will see what goes on on the court and off. You will see the excitement on the girls' faces as they talk about their season, making friends, and challenges they faced and how they overcame them. You will get the inside scoop of volleyball life, games, and the joy and happiness that came along with it. The girls are so glad to have such a great community to be playing with and for.

"It was really fun to get to know the girls. Once we bonded, we had a really good season!"
—Delaney Lindstrom (8)

"This year was my first year playing for volleyball and it was really fun to learn how to play. I really like to have our team and our friends working together!"
—Ethan Lindstrom (8)

"I've been coaching for 7 years and this has been my best team. They understand what I need for us. They worked together and they were against what and brought us that strong team spirit!"
—Jasmine Reicher (7th and 8th-grade coach)

VISUAL

A visual theme is typically what people think of when they hear the word theme. Visual theme is the consistent use of specific colors, graphics and fonts in your book. Every page should not look identical, but there should be visual cues that the theme is still present.

ABOVE: USING AN ART COLLECTION CUSTOMIZED WITH SCHOOL COLORS CREATES A STRONG VISUAL THEME THAT ALSO COMMUNICATES SCHOOL SPIRIT

VERBAL

A verbal theme consists of carrying a theme through your book via repetitive use of specific words or phrases and style of writing. Verbal theme development along with strategic typography are a good way to blend verbal and visual themes together.

ABOVE: ALONG WITH A STRONG VISUAL THEME, THIS SCHOOL UTILIZED ALLITERATION TO WEAVE A VERBAL THEME THROUGHOUT THEIR BOOK

YEARBOOK BASICS

PHOTOGRAPHY

A yearbook relies on photographs to grab readers' attention with visuals that tell an accurate story of the year at your school.

BIRD'S EYE AND WORM'S EYE ANGLES ARE POPULAR WAYS AWARD-WINNING YEARBOOK STAFFS CAPTURE INTERESTING PHOTOS THAT MAKE THE READER PAUSE TO ENJOY.

- 1** Quality is king. Keep a DSLR handy and know how to use it. Capturing a well-lit, high-resolution image allows more flexibility while editing later!
- 2** What's your angle? Shooting from up high or down low can add an interesting perspective to your shots.
- 3** Keep it real. Let things happen naturally and be ready for the shot. Photojournalism is about telling the story that's happening in front of you.
- 4** Where are you? Know your surroundings and how to shoot well for the environment you're in.
- 5** Watch for the action! Nothing makes a visual statement like a great action shot.

LAYOUT

Knowing and understanding Pictavo's design environment will help you create well-designed pages that follow design rules and ensure a high quality book.

BLEED

The perimeter of the page masked out in yellow is the page bleed area. Photos and art that need to the page edge should extend to the outer edge of the bleed area.

TRIM

The red line around each page indicates where your page will be trimmed in production.

SAFETY MARGIN

The green lines around each page are the boundaries that should contain text and images that are not meant to bleed.

GUTTER

The gutter is the gap between two pages on a spread. To place images or art seamlessly across the gutter, link your pages.

- 1** Added sparingly, Accents help finish a layout and carry the visual theme.
- 2** Snippets are used here to efficiently complete the layout, creating additional stories on the page.
- 3** This portrait flow has been customized to add interest while maintaining the design style.
- 4** Adding candids in and around the portrait flow adds fun and allows for more coverage opportunities.

WRITING

Yearbooks that are engaging to read have many elements working together to tell a story. Headlines are used to draw readers in and Subheads can be used to tie events or stories contained on a spread together.

PHOTOGRAPHS OFTEN TELL PART OF THE STORY, BUT THE WRITTEN WORD IS JUST AS IMPORTANT. IN THIS SPREAD, THE STAFF WROTE A FEATURE STORY, INTERVIEWED STUDENTS, CAPTIONED EACH PHOTO AND STILL HAD ROOM TO WRITE A SECONDARY FEATURE ABOUT ANOTHER STUDENT'S MISSION TRIP EXPERIENCE. NOTICE THE CAPTIONS ARE LOADED WITH QUOTES, CREATING A HUMAN CONNECTION BETWEEN SUBJECT AND READER.

STORYTELLING

Everyone knows when writing a good story, it's important to answer as many of the 5Ws and an H (what, where, who, when, why and how) as possible. Keep in mind that students like reading about **people** rather than a list of facts about an event. It is the job of the copywriter to create human

interest features that are also high in detail and fact content. As you write, think about what you want the reader to learn or feel after reading your story. By telling a story rather than merely 'reporting', a writer builds a connection between the reader and the subject being written about.

Taking the time to interview a few students involved in the event is a great way to tie more emotion and humanity into a feature, as well as take advantage of telling a story from a different point of view.

TYPOGRAPHY

Typography is the art of using type as a design element. Choosing fonts and arranging copy makes a yearbook more visually appealing than simple text—especially in headlines.

CHOOSING FONTS

- Use fonts that complement each other
- Limit the number of fonts used in your yearbook to no more than three for a consistent look
- Combine different font weights and sizes to create a design element that can carry a theme

WEAVE TYPOGRAPHY INTO YOUR LAYOUTS

- 1 Fonts with similar styles but differing widths and weights can complement each other.
- 2 Use a strategically placed symbol to tie together words in a Headline.
- 3 Creating white space by expanding character and line spacing adds interest.
- 4 Find Accents that work well with fonts to help carry your theme throughout your book.
- 5 The simplest way to get creative with type? Change font weight, color or rotation.
- 6 Achieve a sophisticated design style (with just a few clicks of a mouse) by using Accents from the Letter Art Collection.
